ICS Education Course in collaboration with

AIUG Associazione Italiana di Urologia Ginecologica e del Pavimento Pelvico.

"Female pelvic floor dysfunction in the Mediterranean: a multi-disciplinary approach"

Palermo, Italy 2012

This is the first ICS Educational Course held in Sicily which will take place on 15th and 16th November 2012. The ICS will be participating in the forthcoming the AIUG Associazione Italiana di Urologia Ginecologica e del Pavimento Pelvico conference 2012 in Palermo.

The educational course is aimed at Physicians, midwives, nurses, physiotherapists and other Obstetric care and public health providers as well as patient advocacy group representatives and health policymakers.

Topics in the programme include:

- Evidence-based Obstetric practice and the pelvic floor;
- Mechanism of female pelvic floor dysfunctions;
- Recent advances in the diagnosis of female pelvic floor dysfunctions;
- Management of female pelvic floor dysfunctions: Nursing perspectives;
- Management of female pelvic floor dysfunctions: Medical perspectives;
- Prevalence, impact and management of consequences of female pelvic floor dysfunctions;
- Prevention and management of Obstetric trauma to the pelvic floor;

COMEVENTS Communication and MEetings The Organizational Secretary
90146 Palermo Largo San Mamiliano, 7 - Phone 091 6718998 Phone/Fax 091 6721847
segreteria@comevents.it www.comevents.it

- Cultural differences in the perceptions, experiences and care seeking-behaviour for female pelvic floor dysfunctions;
- The value of the multi-disciplinary holistic approach in improving incontinence services and physician education;
- Case discussions and recommendations.

The ICS will be represented by Sherif Mourad and Mandy Wells.

Sherif will be giving 4 keynote lectures:

- Female Voiding Dysfunction;
- UI in women– Description, Types and Evaluation by ICS Algorithms;
- Urodynamic studies for female UI;
- Surgical treatment of genito-urinary fistulae in women.

Mandy will be giving 3 keynote lectures:

- Conservative management of POP;
- Prevention of UI in women;
- Conservative management of female Stress UI.

For more information on these lectures please see the below link for a copy of the full programme.
