Urological  
Society

Confederación  
Americana de  
Urología

European Association of Urology

**EU \* ACME**

**Application has been made to the EACCME(r) for CME accreditation of this event**

## Dear Friends and Colleagues;

It is our great pleasure to invite you to participate in this interesting event of the 9<sup>th</sup> Pan Arab Continence Society meeting in collaboration with the International Continence Society and the International Children Continence Society . The meeting will take place in Dubai, the wonderful city of the Gulf region.

A landmark in the making. Dubai is a city of awe-inspiring ambition and unsurpassed luxury, home to the world's tallest building, the largest shopping mall, the iconic Palm and now the JW Marriott Marquis Hotel Dubai.

This year is very special because we have strong representation of the American Urological Association and the European Urological Association together with the Confederacion Americana de Urologia. The famous speakers of these societies will definitely add a lot to the scientific value of the programme.

The scientific programme of the meeting will include different aspects of evaluation and management of voiding dysfunction and incontinence. Also a urodynamic workshop, ICCS awareness session and a nursing workshop will be held within the event.

Very special packages were designed for you to make it a real good chance to attend such a valuable meeting. So we encourage our young colleagues to take the early catch of the limited spaces.

We hope that you will enjoy your stay both scientifically and socially.

**President of PACS**

Sherif Mourad

**Chairman of ICS  
Educational Committee**

Werner Schaefer

**Regional Representative  
for ICCS in ME**

Mario Patricolo

\*An educational grant was provided by Allergan to the Pan Arab Continence Society to support this independent meeting. Allergan has had no involvement in the logistics, design or content of the meeting.
