SBM2012

Honorary President

CJ Fowler

Chairmen

G. Amarenco & E. Chartier-Kastler

Meeting date and Venue

1st International Sensory Bladder Meeting will be held between June 22nd-23rd, 2012 at Les Pensieres, Fondation Merieux, Veyrier du Lac, France

Congress Language

Congress Language will be English
Translation into French will not be available

Abstract Submission

The abstracts will be collected online via www.SBM2012-jimdo.com until April 28th, 2012.

These abstracts must concern only brief oral presentations exclusively on sensory bladder topic.

Sensory Bladder Meeting Annecy 22-23 June 2012

Dear Colleagues

It is our pleasure to invite you to join us for the SBM (Sensory Bladder Meeting), June 22, in Annecy, France. This meeting offers you a unique opportunity to meet and learn with some of the best experts on pelvi-perineology on a very exciting topic in a truly unique and captivating city.

We hope that you will join us for this outstanding opportunity to experience great medical education and collaboration.

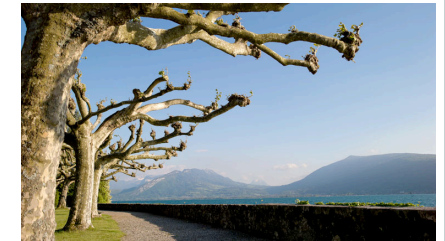

Pr. G. Amarenco & Pr. E. Chartier-Kastler

Friday 22 June, Morning

<http://sbm2012.jimdo.com>

Friday 22 June, Afternoon

Sensory bladder and Basic Sciences (D. de Ridder, E. Chartier-Kastler)
Bladder and sensory neurological pathways. R. Robert (Nantes)
Sensory receptors and afferent signal modulation. D de Ridder (Leuven)
Sensory types and subtypes : filing and cold perceptions. L. Mazieres (Paris)
Cortical representation of the desire to void. JP Kuhtz-Bushbeck (Kiel)

Sensory bladder and clinical challenges (Ch. Chapple, F. Haab)
Sensory bladder : definitions, syndroms and symptoms, overlaps. Ch. Chapple (Sheffield)
Pelvic pain and interstitial cystitis : links with pure sensory alteration. JJ Labat (Nantes)
Non neurogenic male frequency. X. Gamé (Toulouse)
Non neurogenic female frequency. R. de Tayrac (Nîmes)
Neurogenic frequency. B. Perrouin-Verbe (Nantes)

Sensory bladder and evaluation (D. Vodusek, G. Amarenco)
Sensory bladder and micturition flow chart. JJ Wyndaele (Edejem)
Sensory bladder and symptoms and QoL scores. Ph. Grise (Rouen)
Neurological evaluation of the sensory bladder. M. de Sèze (Bordeaux)
Urological evaluation of the sensory bladder. A. Ruffion (Lyon)
Gynecological evaluation of the sensory bladder. B. Fatton (Nîmes)

Evaluation. Continuation (JJ Wyndaele, JM Soler)
Animal models in Sensory Bladder Research. KE Andersson (Winston Salem)
Psychological evaluation of the sensory bladder. G. Robain (Paris)
Subjective and objective urodynamic evaluations of sensory disorders. CJ Fowler (London)
Electrophysiological evaluation of sensory pathways. G. Amarenco (Paris)

Sensory bladder and parallels (CJ Fowler, X. Deffieux)
Genital sensory neurological pathways. B. Parratte (Besançon)
Sensory bladder, IBS and sensory rectum : associations and particularisms. AM. Leroi (Rouen)
Role of sensory afferents in male sexual response. F. Giuliano (Garches)
Sensory genital dysfunction in female. F. Courtois (Montréal)
Neurophysiological evaluation of anorectal sensory pathways. D. Vodusek (Ljubljana)
Children sensory bladder. J. Corcos (Montréal)

Sensory bladder and therapeutic strategies (K. Bo, P. Denys)
Pelvic floor rehabilitation and sensory bladder. K. Bö
Videourodynamics : a therapeutic tool in sensory disorders. R. Opsomer (Bruxelles)
Anticholinergics and sensory bladder.. P. Denys (Garches)
Botulinum Toxin and sensory bladder. B. Schurch (Zurich)
Bladder hydrodistension, intravesical therapies and sensory bladder. G. Karsenty (Marseille)
Other drugs and sensory bladder. J. Kerdraon (Kerpape)
Sacral and peripheral neuromodulation and sensory bladder. E. Chartier-Kastler (Paris)

Saturday 23 June

Special Session for Young Researchers and Students
(JJ. Labat, P. Coloby, B. Fatton)

Sensory Bladder and Research (J. Corcos, AM. Leroi, G. Robain)
Epidemiological approach in Sensory Bladder Research. X. Frittel (Poitiers)
Clinical approach in Sensory Bladder Research. X. Deffieux (Paris)
Neurophysiological and cognitive approach in Sensory Bladder Research. J. Kerdraon (Kerpape)
Urodynamic approach in Sensory Bladder Research. L. Le Normand (Nantes)

Sensory Bladder : 5 take home messages in 5 minutes (E. Chartier-Kastler)

Closing ceremony (E. Chartier-Kastler, G. Amarenco)
