

To the: **International Continence Society - ICS**

On behalf of the the organizers of the XII–th Congress of the Romanian Society of Neurology, which will be held on 14-17 May 2014, Bucharest, Romania, we are glad to invite **Dr. Jalesh Panicker** as a guest speaker to present a state of the art on Neuro-Urology.

We are hereby submitting this application to get the approval for this presentation to be an ICS sponsored presentation.

We will take care of the guest speaker flight costs and accommodation.

Sincerely yours,

**Prof. Ovidiu Băjenaru, MD, PhD**

**Honorary President of Romanian Society of Neurology**

XI Congress of the Social fathers of Neurology ROMANIA

BUCHAREST, 15-18 MAI 2013

SCIENTIFIC PROGRAM

Wednesday, 15/05/2013

09.00 - 11.00 Workshop: News in epilepsy - Hall Bucharest

Moderator: Prof. Dr. O. Băjenaru

09.00 - 09.40 S. Beniczky (Dianalund, Denmark) - Seizure classification - do we Need a new one?

09.40 - 10.05 I. pride - autoimmune epilepsy

10.05 - 10.30 D. Craigslist - Woman and epilepsy at all ages

10.30 - 10.50 C. Popescu - diagnosis of memory disorders in temporal lobe epilepsy

10.50 - 11.00 Questions and discussion

11.00 - 11.15 Coffee break

11.00 Opening of the Congress - registration of participants

11.15 - 11.30 Official opening of the Congress - Hall Bucharest

11.30 - 13.30 Joint Scientific Symposium: Society of Internal Medicine and Society of Neurology Romania Romania - Bucharest Meeting

Moderator: Prof. Dr. M. Muraru, Prof. Dr. O. Băjenaru

11.30 - 11.55 R. Nistor - antihypertensive medication in acute stroke

11.55 - 12.20 C. Tiu - Antihypertensive treatment in secondary prevention of stroke

12.20 - 12.45 V. John - Antithrombotic therapy in secondary prevention of stroke

12.45 - 13.10 M. Turcan - Considerations on indications of statins in cerebrovascular diseases

13.10 - 13.30 Questions and discussion

14.00 - 18.15 Scientific Symposia satellite - Hall Bucharest

14.00 - 15.15: Scientific Symposium - News hiperkineziilor treatment

15.30 - 16.45: Scientific Symposium - interventional therapy in advanced Parkinson's disease

17.00 - 18.15: Scientific Symposium - therapeutic aspects of neurodegenerative diseases

18.30 - 19.45: Joint Scientific Symposium: Society of diabetic neuropathy in Romania and the Society of Neurology in Romania - Bucharest Meeting

Moderator: Prof. Dr. O. Băjenaru

18.30 - 18.50 TD Lupescu - Challenges diagnosis of diabetic neuropathy

18.50 - 19.10 DF Mureșanu - diabetic neuropathy and neuropathic pain

19.10 - 19.30 G. Radulian - Treatment of diabetic neuropathy

19.30 - 19.45 Questions and discussion

20.00 Opening Cocktail Congress

Thursday, 05/16/2013

08.30 - 10.00 Conference honor "Gheorghe Marinescu" - Prof. W. Hacke (Heidelberg, Germany) - Thrombolysis and recanalisation 2013 - Hall Bucharest

Moderator: Prof. Dr. O. Băjenaru, Prof. Dr. BO Popescu

10.00 - 10.15 Coffee break

10.15 - 13.15 The blood-brain barrier in neurological diseases - oral communications in plenary (I) - Hall Bucharest

Moderator: Prof. Dr. DF Mureșanu, Dr. CD Smith

10.15 - 10.45 W. Hacke - Critical Care of Stroke

10.45 - 11.25 O. Băjenaru - Current concepts on blood-brain barrier

11.25 - 11.55 DF Mureșanu - Importance of trophic factors in the regulation of blood-brain barrier properties

11.55 - 12.25 CD Popescu - blood-brain barrier dysfunction in multiple sclerosis

12.25 - 12.50 BO Popescu - The many facets of neurodegeneration - the effects of impaired blood-brain barrier

12.50 - 13.15 M. Simu - blood-brain barrier in neuroinfections

13.15 - 14.00 Lunch

14.00 - 15.15 Parallel Symposia

Scientific Symposium - term benefits of immunomodulatory therapy - Hall Bucharest

Scientific Symposium - modern antithrombotic therapy for secondary prevention of stroke - Fitness Rome

15.30 - 16.45 Parallel Symposia:

Scientific Symposium - Modern therapies in multiple sclerosis - Hall Bucharest

Scientific Symposium - Clinical approach to chronic cognitive disorders - Sala Roma

17.00 - 18.15 Parallel Symposia:

Scientific Symposium - Optimizing therapy in multiple sclerosis and Parkinson's disease - Hall Bucharest

Scientific Symposium - New therapeutic approaches for neuropathic pain - Sala Roma

18.30 - 19.45 Scientific Symposium: Impact of vascular risk factors in neurodegenerative diseases - Hall Bucharest

Friday, 17/05/2013

09.00 - 11.00 blood-brain barrier in neurological diseases - oral communications in plenary (II) - Bucharest Meeting

Moderator: Prof. M. Simu, Prof. C. Tiu

09.00 - 09.25 I. Buraga - blood-brain barrier and epilepsy

09.25 - 09.55 R. Soffietti - Blood brain barrier in brain tumors and antiangiogenic agents

09.55 - 10.20 R. Bălașa - Treatment of blood-brain barrier abnormalities in multiple sclerosis

10.20 - 10.45 S. Petrescu, R. Gurgu, GD Vanghelie, N. Munjev, C. Bread - immunological changes in the cerebrospinal fluid in patients with multiple sclerosis

10.45 - 11.15 Coffee break

11.15 - 12.15 Varia - special guests - Hall Bucharest

Moderator: Prof. O. Băjenaru, Prof. BO Popescu

11.15 - 11.45 P. Lyons - Complications in Internal Medicine Neurology - Reducing the Risk for Neurovascular Disease

11.45 - 12.15 D. Truong - Multiple System Atrophy

12.15 - 13.30 General Assembly NRS - Hall Bucharest

13.30 - 14.30 Lunch

14.30 - 15.45 Parallel Symposia

Scientific Symposium - modern therapy muscle dystonias - Hall Bucharest

Scientific Symposium - Optimizing immunomodulatory therapy in multiple sclerosis - Rome Meeting

16.00 - 17.15 Parallel Symposia

Scientific Symposium - multimodal therapy of neurodegenerative diseases - Hall Bucharest

Scientific Symposium - We need new antiepileptic? - Room Rome

17.30 - 18.45 Parallel Symposia

Scientific Symposium - Dopamine agonists in Parkinson's disease - Hall Bucharest

Scientific Symposium - Atherothrombosis - from primary prevention and secondary prevention of acute event - Meeting Rome

Saturday, 05/18/2013

09.00 - 10.40 Varia - oral communications in plenary - Hall Bucharest

Moderator: Prof. L. Perju-Grove, Prof. R. Bălașa

09.00 - 09.25 - IM Cojocaru, V. Sapir, S. Barlan, N. He was silent, A. Ionescu, N. Bucur - Diagnostic Dilemma: brain abscesses, tumors, multiple sclerosis, acute disseminated encephalomyelitis form pseudotumoral or (ADEM)?

09.25 - 09.50 - R. Tanasescu - helminth treatment in multiple sclerosis

09.50 - 10.15 - A. Bulboacă, M. Boca, D. Pop, I. Viehmann, AC Bulboacă - neurophysiological bases of time perception

10.15 - 10.40 - D. Pirici, I. Pirici, V. Tudor C. Zacharias, C. Mărgăritescu - Astrocytes Aquaporin 4 - positive is a heterogeneous cell population with properties in ischemic stroke

10.40 - 11.00 Coffee break

11.00 - 12.00 Roundtable - Experience in the treatment of epilepsy in Romania - Bucharest Meeting

12.00 - 14.00 Clinical Neurophysiology Symposium - organized by ASNER (Electrodiagnostic Neurophysiology Society in Romania) - Hall Bucharest

Moderator: Dr. T. Lupescu, Dr. M. Moldovan

12.00 - 13.30 Clinical Neurophysiology Cases complicated - presentations, discussions, comments

13.30 - 14.00 Organizational Issues

14.00 - 14.15 Closing of Congress

All posters will be on display in the Hall Bucharest, where they will support and oral communications by Wednesday, 05.15.2013 14.00 until Saturday, 05.18.2010, 13.00. Congress Secretariat is not responsible for posters that are not high for the congress hall.
