Beijing August 20 2013

Dear Adrian Wagg

I'm Dr. ZHANG Xiao-dong, director of Urology department at Beijing Chaoyang Hospital affiliated Capital Medical University, and also a long-standing member of ICS. For the last 5 years we hold a scientific seminar about lower urinary dysfunction, the most important in China attracting more than 500 delegates.

In the future and starting in 2014 we would like these annual meetings to be co organized by ICS and us. Prof. Corcos, he has been our guest last year and who will be the co-scientific chair of these meetings, recommend us to contact with you to explore the possibility of a collaboration. .

We plan to hold this course in our hospital and here are the preliminary grand lines of the program that our scientific committee put together.

**Year 1: Intractable OAB:** includes introduction on diagnosis, new and future drugs, Physical therapy (movies), Botulinum toxin (movies), neuromodulation (movies)

**Year 2 : BPH and male incontinence:** introduction on changes in the concepts of the BPH. New and future medical therapy, Laser and other new surgical treatments.(movies) What is new in male incontinence (movies).

**Year 3: Urodynamics and neurogenic bladders.** Step by step urodynamic testing and interpretation. How to manage spinal cord injury, MS, Parkinson and stroke patients

For next year we already have selected our external faculty made of Professors Jacques Corcos, Markus Drake and Elise De. Among local speakers Dr Yang Yong, Dr Zhang Ning, Dr Zhang Peng, and Dr Wang Biao, Dr Zhu Lan and Dr Wang Jian Ye have kindly already accepted to participate.

What we are expecting from ICS is a financial support for our foreign speakers and an official endorsement. We are fully open to finalize the scientific program with the education committee of ICS in order to comply with our educational exigencies. In return we will promote ICS as much as we can and promote the advantages to become a ICS member.
