Outline the skills, abilities and experience and what qualifications, if any, you could bring to this position and committee. (200 words maximum)	(Please see also above). I bring experience, having served on the Ethics Committee for 3 years and leadership ability as demonstrated by elected positions in other medical organizations. My interest in medical ethics has been longstanding. I have advanced training in bioethics through the University of Washington in the U.S. Dealing with ethical behaviour within the organization as well as larger issues of bioethics globally has broadened my perspectives, provided stimulating discussions and challenged my problem-solving skills. I look forward to continuing to advance this very important aspect of the practice of academic medicine as a part of the ICS mission. With the Trustees developing the ICS Strategic Plan, I would like to have the opportunity to ensure that the Ethics Committee remains an integral part of the organization and that it serves to promote transparency, fairness and justice in all that the ICS does. Thank you for your consideration.
