

ICS Elected Position Application Form

By applying for an ICS elected position you must be nominated and seconded by two ICS members. Please advise them to send an e-mail to the ICS office confirming this. Please complete the information below and send the completed form to jane@ics.org by 1 April 2014 in order for your nomination to be considered.

We also ask that in addition to the below you also update your online "Biography" with your goals and initiatives should you be elected: <https://www.ics.org/ContactEdit.aspx>

Language

Whilst the ICS is an international organisation, English is the official language of the society. It is expected therefore that Trustees members must have a good understanding of spoken and written English, and should feel confident speaking within the Committee environment.

Name	Hashim Hashim
Occupation	Consultant Urological Surgeon
Country of Residence	United Kingdom
Qualifications	MBBS, MRCS, MD, FEBU, FRCS (Urol)
ICS Membership Number	2365

Position applying for	Urodynamics Committee Chair
Nominated by	Marcus Drake
Seconded by	Andrew Gammie

What interests you in this ICS position (100 words maximum)	The aims of the position fit in with my career aspirations to lead the urodynamics committee and the opportunity would allow me to use my skills and experience to the best of my ability.
-----------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Outline the skills, abilities and experience and what qualifications, if any, you could bring to this position and committee. (200 words maximum)	I have been director of the Urodynamics Unit at the world renowned Bristol Urological Institute for almost 3 years now. This has given me experience in leading a team of urodynamicists. I have also trained several residents and fellows in urodynamics during that period who have now become consultants and doing urodynamics themselves. As part of my role, I also co-ordinate and teach on the ICS approved Bristol certificate in urodynamics course which is held 12 times a year in the UK and several times a year in the Middle East and Far East. I am also a committee member of the International Consultation on Incontinence Urodynamics Committee and previously on the UK Continence Society Education Committee and the ICS Education and Publication committees. All the above has given me the experience needed to lead the urodynamics committee of the ICS and will give me the basis in improving and developing urodynamic services provided by the ICS through education and training, which is in line with the ICS mission. Being enthusiastic, innovative and a team-player will help me achieve the ICS aims.
-------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

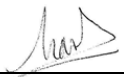

Do you already hold the position and are standing for re-election? **No**

Check list

- X I am an ICS member
- X I have completed an online disclosure here: <http://www.icsoffice.org/Disclosures/DisclosureStatement.aspx>
- X I have uploaded a photo to my membership profile <https://www.icsoffice.org/ContactEdit.aspx>
- X I submit a short CV alongside this form (6 pages maximum)
- X I have read the below policy on canvassing. See Appendix I

I hereby confirm that I have completed my disclosure form/declaration of interest via my membership record on the ICS website, that I have read and understood the ICS Memorandum, Articles, and Bylaws, and the ICS Code of Conduct and agree to abide by these. If elected I understand what would be required of me to undertake an ICS position, and that I would accept the position. I also note that I am unable to canvass for my election to this post. In addition, I confirm that I am an upstanding member of the ICS and can confirm that I am not the subject of any disciplinary investigations, internal or external to my workplace."

APPENDIX I**ICS policy on campaigning**

Campaigning for ICS elected positions is not permitted by applicants or members. Any campaigning, be it positive or negative, will result in the disqualification of the candidate. The Board of Trustees' judgement will be final in determining whether a candidate has engaged in positive or negative campaigning. Negative campaigning is not permitted by any candidate or ICS member and will be considered a violation of the ICS Code of Conduct. This policy is in effect at all times and for any position.

During the voting period candidates' application forms will be circulated by the ICS office for all members to view. In addition, the ICS office will periodically contact all ICS members to encourage voting and provide direct links to the voting section of the ICS website.

ICS Elected Positions

By applying for an ICS elected position you must be nominated and seconded by two ICS members. Please advise them to send an e-mail to the ICS office confirming this. Please complete the information below and send the completed form to sophie@icsoffice.org by 1 April 2013 in order for your nomination to be considered.

If you are applying for a Committee Chair position we ask that you also update your membership record biography with your goals and initiatives for the committee should you be elected.

NAME	Peter F.W.M. Rosier
YOUR CURRENT POSITION	Senior Lecturer, Functional Urology Neurourology and Urodynamics in University Training and Academic Center. Staff member: Department of Urology Member of ICS since 1992. Member of ICS Standardisation (Steering) Committee (1999-2013); Chairman of the ICS Urodynamic Committee since 2009.
COUNTRY OF RESIDENCE	Netherlands
QUALIFICATIONS	MD PhD
ICS MEMBERSHIP NUMBER	1974

POSITION APPLYING FOR	Urodynamic Committee Chair re-election.
NOMINATED BY	Committee members
SECONDED BY	Committee members

What interests you in this ICS position (100 words maximum)	ICS will again become preferred provider in the field of education in clinical urodynamic diagnosis and testing. After being invited to revitalize the original idea of the ICS-school of urodynamics I developed a mission and a strategy for the new 'Urodynamic Committee' (AGM 2009 and 2010). The mission and strategy have been accepted wholeheartedly and unanimously by the ICS Board and Trustees during the ICS-AGM in 2010, and I have formed a, very enthusiastic, committee to further elaborate on a structure and content of an ICS educational program. The core activity is the development of ICS-educational modules and this work is in full progress now. The first modules are accepted by Neurourology and Urodynamics, to be published and a number is to follow in the next years.
-----------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Outline the skills, abilities and experience and what qualifications, if any, you could bring to this position and committee. (200 words maximum)	<p><u>Organizing:</u> As HCQA I have been organizer and project leader for more than 30 multidisciplinary health care professionals –groups for evidence based clinical practice development and health care practice process management improvement. Currently, I practice, research and educate in clinical functional and neuro-urology and I am vice chairman of the University Hospital Medical Ethical Review Board.</p> <p>I have more than 25 years of <u>Clinical practice experience</u> in functional urology and hands-on performed more than 9000 urodynamic (cystometry) video –urodynamic tests and (lower body half-) neurophysiology studies.</p> <p>I was involved in multi- and mono center studies with (various types of) neuromodulation; Botulinum toxine; IntraSpinal Neurostimulation and with all currently available LUT medication-types.</p> <p>I am an active <u>member of ICS</u> since 1992 and have frequently had the chance presented my <u>scientific</u> work during annual congresses. Furthermore I have been presenter and-or chairman in various ICS workshops and courses.</p> <p>Within ICS I have been a longstanding member of the standardisation (and terminology sub-) committee and have helped to restructure the committee into a steering committee. Recently I have restructured the 'School of Urodynamics' into an 'official' ICS committee.</p> <p>I am member of Dutch, European and American Societies of Urology</p>
-------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

I have uploaded a photo of myself my membership record **Yes**

I have updated my online membership biography with my goals and initiatives **Yes**

Do you already hold the position and are standing for re-election? **Yes**

I hereby confirm that I have completed my disclosure form/declaration of interest via my membership record on the ICS website, that I have read and understood the ICS Memorandum, Articles, and Bylaws, and the ICS Code of Conduct and agree to abide by these. Language

Whilst the ICS is an international organisation, English is the official language of the society. It is expected therefore that Trustees members must have a good understanding of spoken and written English, and should feel confident speaking within the Committee environment.

Name	Gunnar Lose
Occupation	Professor, MD, DMSc
Country of Residence	Denmark
Qualifications	
ICS Membership Number	702

Position applying for	Urodynamic Committee
Nominated by	Lone Mouritsen and Niels Klarskov
Seconded by	

What interests you in this ICS position (100 words maximum)	Have been active in urodynamics since 1983 when I became member of the ICS. I feel that the utility of urodynamics is under pressure especially in relation to preoperative assessment in women with stress incontinence. One reason is three recent randomized controlled trials with some fundamental problematic issues (Lose G, Klarskov N. Utility of invasive urodynamics before surgery for stress urinary incontinence. <i>Int Urogynecol J.</i> 2014 Jan;25(1):1-3.), which have led to misinterpretations and hence the abandon of the use of urodynamics. Therefore, there is a significant work to do to build the reputation of invasive urodynamics.
-----------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Outline the skills, abilities and experience and what qualifications, if any, you could bring to this position and committee. (200 words maximum)	<ul style="list-style-type: none"> • I've been a member of the ICS since 1983 and have previously been active in the school of urodynamics. • Our department in Herlev/Glostrup was one of the first to receive the ICS "Certificate of Recognition for Training Program of Good Urodynamic Practice" (05.11.2003) • I have published more than 200 urodynamic papers including reviews and textbook chapters e.g. Textbook of Female Urology and Urogynecology, Urethral Pressure Measurement. ED Linda Cardozo, David Staskin, 2. Edition 2006, Inf. Healthcare. • I have a Doctor degree based on urodynamics published in Neurourology and Urodynamics 1992, 1155-89 "Simultaneous recording of Pressure and Cross-sectional area in the Female Urethra: a study of urethra closure function in healthy and stress incontinent women" • At the time being I'm a member of the group which are going to update the paper on Good Urodynamic Practice.
-------------------------------------------------------------------------------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

- I have been chairman and member of several standardization committees of the ICS
 - Standardization of Urethral Pressure Measurement, Lose et al., Neurourol Urodyn 2002, 21, 258-60
 - The Standardization of Terminology in Nocturia, Kerrebroeck PH et al. Neurourol Urodyn 2002, 21, 179-183
 - Outcome Measures of research in adult women with symptoms of LUT-dysfunction, Lose et al. 1998, Neurourol Urodyn, 17, 255-62
 - Mattiasson A et al., Standardization of outcome studies in patients with lower urinary tract dysfunction: a report of general principle for the Standardization Committee of the International Continence Society, Neurourol Urodyn 98, 17, 249-53

Do you already hold the position and are standing for re-election? **Yes/No**
