Dear Friends and colleagues, Ladies and Gentlemen,

It is our great honour and pleasure to invite you to attend the 6th PanHellenic meeting of UNUFU (*Neurology, Urodynamics & Female Urology, section of the Hellenic Urological Association*) to be held in Thessaloniki, Greece, from 24-26 September 2015.

Lower urinary tract dysfunction is highly prevalent and affects the lives of millions people worldwide having major impact on quality of life and sexuality. Neurology and Female Urology are established sub-specialties rapidly developing bringing together the fields of affiliated specialties.

The meeting will offer participants from across the country and Europe an ideal opportunity to pursue continuing medical education, to learn about recent advantages, future developments and exchange scientific ideas and experiences in NeuroUrology, Urodynamics and Female Urology, all in a unique environment.

UNUFU and affiliated societies such as the International Continence Society -*Education and Neurology promotion committees* (ICS), the European Society of Functional & Female Urology (ESFFU), the Mediterranean Incontinence and Pelvic Floor Society (MIPS), the Bristol Urological Institute, the Canadian Continence Foundation (CCF), Pan Arabic Continence society (PACS), and the Cyprus Urological Association are creating a unique scientific program, which combines state-of-the-art lectures, panel discussions and hands-on Urodynamic workshop. Please visit our website at www.onogo2015.org for more information.

Thessaloniki is located in Northern Greece and takes its name from the stepsister of Alexander the great in 315BC. In 148 BC, it became the capital of roman province of Macedonia. St Paul passed and preached in Thessaloniki during his second trip (50 BC).

Today Thessaloniki is a modern European city, as always an important trade and transportation center connected to all the European Countries. It is one of the largest student centers in South-Eastern Europe, while many of its monuments are included on the UNESCO World Heritage List. The city is renowned for its festivals, events and vibrant cultural life in general, and is considered to be Greece's cultural capital

We look forward to welcoming you in Thessaloniki. We are extremely certain that you will greatly enjoy this major scientific meeting as well the Greek culture, cuisine and hospitality.

Kind regards,

Dr. Stavros Charalampous
UNUFU President
