Please complete the information below and send the completed form to Nickie@ics.org by 1 April 2016 in order for your nomination to be considered.

We also ask that in addition to the below you also update your online "Biography" with your membership record outlining the experience and skills related to and your goals and initiatives for the post should you be elected (no more than 300 words): <https://www.ics.org/ContactEdit.aspx>

What interests you in this ICS position (100 words maximum)	I have been interested in education from the very beginning of my career and was appointed as the first trainee representative in the ICS education committee more than 10 years ago. I feel education is an integral part of the ICS and it is really what the ICS is all about. Having progressed through my clinical career and appointed as a consultant urological surgeon five years ago, I feel now is the right time to be able to offer more to the ICS to improve the educational aspects by chairing the education committee.

Outline the skills, abilities and experience and what qualifications, if any, you could bring to this position and committee. (200 words maximum)	I have always been involved in education throughout my career and therefore would be interested in promoting and taking this aspect of the ICS to new ventures. Having been a trainee receiving the education and a trainer providing the education, I have acquired skills such as good communication, good presentation and management which would be ideally suited for this position. I have extensive experience in education having run numerous educational courses at the ICS which were amongst the best attended ones, and have been doing so since becoming an ICS member in 2003. I also run courses at national and international level and mentor medical students as part of the University of Bristol Program. In addition to being an educational supervisor to junior doctors, I also enjoy working in a multidisciplinary team environment leading a team of nurses, scientists and physiotherapists which also includes providing education to them.
