All shell scheme and package booth exhibitors must advise their desired lettering for the company nameplate on their fascia by the deadline. Any combination of letters and numbers is allowed in English or Japanese, up to a maximum of 20 characters.

Please indicate using the box below. We recommend the use of abbreviations (Company→Co. Limited→Ltd. etc.) to reduce the length of names.

Eg	S	A	K	U	R	A		I	N	T	'	L		I	N	C

Upgrade Package Booth exhibitors have the option to add their company logo to the nameplate instead of or in addition to the lettering. In this situation the logo data must be provided in the format below.

Sakura International will provide a draft for you to check before printing. In principle the nameplate will look like the below:

- Graphic data must be supplied in the following format:

- *Illustrator up to CS6*
- *All fonts outlined*
- *All data embedded in the graphic (no links)*
- *Size at 1/10*
- *Graphic resolution at minimum 100dpi when the graphic is at full size*
- *Colour designation in CMYK or Pantone*

- Data supplied in other formats may incur processing charges.

Our server accepts attached files up to 5MB, data heavier than that should be sent by File Postman (up to 1GB) using the link below:

<https://red.sakurain.co.jp/en/open>

- Note that for infill print the final visible size of the panel is slightly smaller (10mm perimeter) than the graphic data size. For other size graphics for multiple-booth exhibitors (cladding) and any other special graphic work please contact Sakura International directly for a quote.

*** Please make payment by Aug 5. Invoice will be sent by Sakura International Inc.**
Orders received before July 22 will be eligible for the early bird discount rate.
Applications received after the deadline will be charged at the standard rate.
Orders received after Sept 8 will incur a late surcharge. (20% additional to prices above)

Use of Freight Entrance Vehicle Passes

Application Form 2	Submit to: Sakura International Inc. Attn: Ms. Mami TAKAYAMA FAX: +81-6-6624-3602 TEL: +81-50-5804-1338 e-mail: intl_grp@sakurain.co.jp		Submission Required for Raw Space Exhibitors Deadline: July 22 (Fri)

Exhibitors and their appointed contractors wishing to use the freight entrance must apply using this form. A vehicle pass will be sent out to allow access to the loading area behind the exhibition hall on B2F.

No vehicles are allowed to enter the hall. After unloading is finished trucks should be moved as there is limited space available behind the hall.

Only raw space exhibitors may enter the hall on Sunday 11th. (13:00 – 18:00)
All construction must be finished by 18:00 on Monday 12th and the freight entrance vacated.

This does not apply to shell scheme exhibitors who are using the official Freight Forwarder or local courier services are hand-carrying their supplies.

Exhibitors wishing to have a telephone/fax line or internet connection in their booth should use this form.

Note that WIFI will be provided by the organizers so only exhibitors required a dedicated internet connection should apply for this.

The phone line includes a receiver and up to 10,800 yen worth of domestic calls. International calls or domestic calls exceeding the limit will be charged separately after the show.

The fax line includes a fax machine and the same value of calls.

The broadband internet speed is around 50MB.

Note that telecommunications are NOT available after the deadline and cannot be order onsite.

Type	Unit price	No.	Total
Phone Line	32,400		
Fax Line	54,000		
Broadband Internet	194,400		

*** Please make payment by Aug 5. Invoice will be sent by Sakura International Inc.**
Orders received before July 22 will be eligible for the early bird discount rate.
Applications received after the deadline will be charged at the standard rate.
Orders received after Sept 8 will incur a late surcharge. (20% additional to prices above)

STANDARD SUPPLY

Raw space exhibitors will not be supplied with any electrical supply.

The standard electrical supply in Japan is 100V at 50Hz. 200V supply is also available but this must be specially ordered. Any other voltages can only be supplied using transformers. The Japanese outlet has 2 straight pins, like the US style.

There are 2 plugs per outlet.

Your 9m² package booth is provided with 3 spotlights and a power outlet. Out of the 1kW allocated to **each booth only 440W is left** for additional electrical appliances or lighting.

ADDITIONAL ORDERS

Should you want to order any extra electrical items you will have to check if there is enough capacity in your booth to cover this. If there is not, additional mainline and secondary wiring charges will apply as follows:

Mainline electrical	Supply and consumption	Secondary wiring (DB Fee)		
		Capacity	100V Cost	200V Cost (1P/3P)
Capacity	Cost	Capacity		
Up to 1kW	¥10,800	Up to 1.5kW	¥4,000	¥8,640
1.01 - 2kW	¥21,600	Up to 3kW	¥8,000	¥17,280
2.01 - 3kW	¥32,400	Up to 4.5kW	¥12,000	¥25,920
3.01 - 4kW	¥43,200	Up to 6kW	¥16,000	¥34,560
4.01 - 5kW	¥54,000	Thereafter the cost increases ¥ 4,000 per 1.5kW		Thereafter the cost increases ¥ 8,640 per 1.5kW
Thereafter the cost increases ¥ 10,800 per kW				

Important

Additional mainline cannot be ordered onsite so please carefully consider your requirements.

ORDERING PROCEDURE

1. Add up total power requirements for any additional electrical appliances ordered or brought.
2. If this exceeds 440W (at 100V), order the required additional mainline supply and secondary wiring using Form 3.

EXAMPLE PAYMENT CALCULATION FOR ADDITIONAL ELECTRICAL FITTINGS

If the following items are ordered as optional extras you would calculate the necessary capacity and secondary wiring charges as follows:

Arm spotlight 20W x 4 pcs
HQL Floodlight* 75W x 2 pcs
Power outlet 500W x 3 pcs

*Note that HQL Floodlights must be calculated at 150% of their listed wattage.

Code	Item	Discount Price(¥)	Standard Price(¥)	Qty	Total Power	Total Cost
E-1	Arm spotlight 20W	¥3,000	¥3,600	4	80W	¥12,000
E-2	Halogen spotlight 100W	¥4,320	¥5,180			
E-3	Halogen spotlight 300W	¥6,690	¥8,020

E-5	Transformer 100V/220-240V (1kW)	¥9,200	¥11,040			
E-6	Adapter	¥510	¥610			
E-7	Power outlet 100V/5A	¥2,500	¥3,000	3	1,500W	¥7,500
				TOTAL	1,804W	¥40,100

As the total required capacity is 1,804W, an additional 2kW of mainline supply and secondary wiring charges must be ordered.

GRAND TOTAL			
A	Electrical fittings cost		¥40,100
B	Required mainline supply	1 - 2kW	¥21,600
C	Required secondary wiring	Up to 3kW	¥8,000

Exhibitors are responsible for disposal of all waste from their booths. The hall aisles are cleared each night by the organisers but exhibitors requiring cleaning services inside their booths must apply for this using this form.

The booth cleaning service includes vacuuming of carpet and emptying of dustbins. The cost for this service over the show period is 6,000 yen per 9 sqm. Cleaning of wall panels and furniture is not included.

Raw space exhibitors and standard package booth exhibitors should use this form if they require cleaning for their booth. The booth space in square meters should be divided by 9 to arrive at the total price. The price does not include waste disposal of large quantities of rubbish, exhibits or decoration materials.
