

TUESDAY 13th September									
Start	End	G402	G502	G510	G602	G610			
08:00	08:30					ICI Sessions: See Over			
08:30	09:00								
09:00	09:30	W1 Innovations in Obstetric Fistula Surgery	W2 The Overactive Pelvic Floor	W3 ICS Methodology in Basic Science	W4 Nocturnal LUTS in an older population		08:00 08:25: Pathophysiology of Urinary Incontinence, Faecal Incontinence and Pelvic Organ Prolapse		
09:30	10:00						08:25 08:50: Patient Assessment		
10:00	10:30						08:50 09:15: Urodynamic Testing		
10:30	11:00	Coffee Break				09:15 09:40: Imaging, Neurophysiological Testing and Other Tests			
11:00	11:30	W5 Neurogenic detrusor overactivity: what to do after 15 years of Botulinum toxine?	W2 The Overactive Pelvic Floor	W6 Management of Complications of Mesh Prolapse and Sling Surgery - Demonstration through Surgical Video Cases	W7 Preclinical Urodynamics - Optimization of Techniques, Measurements and Interpretation	ICI Sessions: See Over			
11:30	12:00								10:05 10:30: Continence Promotion, Education & Primary Prevention
12:00	12:30				11:00 11:25: Pharmacological Treatment of Urinary Incontinence				
12:30	13:00		Exhibition				11:25 11:50: Diagnosis and Management of Urinary Incontinence in Childhood		
13:00	13:30					11:50 12:15: Neurologic Urinary and Faecal Incontinence			
13:30	14:00	W8 E-health in Pelvic Floor Disorders	W9 Pelvic floor defecatory dysfunction: Management or cure?	W10 Neuro-Urology: an Update in Pathophysiology, Diagnosis and Therapy (Part I) Discussion on Challenging Cases (Part II)	W11 Holistic Approach by Bio-Psycho-Social model to Patients with Interstitial Cystitis / Bladder Pain Syndrome	ICI Sessions: See Over			
14:00	14:30								12:15 12:40: Bladder Pain Syndrome
14:30	15:00								12:40 13:05: Incontinence in the Frail Elderly
15:00	15:15	Coffee Break + Exhibition				13:35 14:00: Adult Conservative Management			
15:15	15:30					14:00 14:25: Surgical Treatment of Urinary Incontinence in Men			
15:30	16:00	W12 Decision Making for Treatment of Post Prostatectomy Incontinence	W9 Pelvic floor defecatory dysfunction: Management or cure?	W10 Neuro-Urology: an Update in Pathophysiology, Diagnosis and Therapy (Part I) Discussion on Challenging Cases (Part II)	W11 Holistic Approach by Bio-Psycho-Social model to Patients with Interstitial Cystitis / Bladder Pain Syndrome	Early Career Professional Session			
16:00	16:30								14:25 14:50: Surgery for Urinary Incontinence in Women
16:30	17:00								14:50 15:15: Pelvic Organ Prolapse Surgery

Key
Urology
Urogynecology
Basic Science
Conservative Management
Bowel Dysfunction
Open to all disciplines

WEDNESDAY 14th September									
Start	End	Hall C	Hall B5	Hall D5	G409	G402	G502	G510	
08:00	08:30	SOA 1 Metabolic Syndrome and LUTS - Osamu Yokoyama							
08:30	08:35	Break to change halls							
08:35	09:05	S1 (Podium) New Horizons in Lower Urinary Tract Symptoms	S2 (Podium Short Oral) Environmental and Metabolic Factors in Female Pelvic Floor Dysfunction	S3 (Podium Short Oral) Urothelium and Sensation	EC15 (COMMITTEE ACTIVITY) Conservative Management of Adult Pelvic Floor Dysfunction: a Physiotherapy Approach	EC14 (COMMITTEE ACTIVITY) Step by Step Basic Neurourology Teaching	EC13 (COMMITTEE ACTIVITY) Transitional Care for Continence in Congenital Malformation: What to do and when.	W16 How to Build an Evidence-Based Guideline – Important Epidemiological Principles	
09:05	09:35								
09:35	10:05								
10:05	10:30	ICS 2016 Promotion + Coffee Break + Exhibition							
10:30	11:00	S4 (Podium Short Oral) Male Lower Urinary Tract Symptoms - Should We Treat Only the Prostate?	S5 (Podium Short Oral) Pelvic Floor Muscle Therapy and Technology	S6 (Podium Short Oral) Neurophysiology and Pharmacology	EC15 (COMMITTEE ACTIVITY) Conservative Management of Adult Pelvic Floor Dysfunction: a Physiotherapy Approach	EC17 (COMMITTEE ACTIVITY) Ethical Issues in Professional and Research Practice: An Intermediate Level Workshop	EC13 (COMMITTEE ACTIVITY) Transitional Care for Continence in Congenital Malformation: What to do and when.		
11:00	11:30								
11:30	12:00								
12:00	13:00	Exhibition + Open Discussion Posters (S7)							
13:00	14:00	Post-Prostatectomy LUTS	Prevention of SUI and maternal care	Terminology of Lower Urinary Tract Function and LUTS; Standardisation 2016 ICS Standardisation Reports by SSC	EC18 (COMMITTEE ACTIVITY) Nurse Lead Continence Care				
14:00	14:05	Break to change halls							
14:05	14:35	S8 (Podium Short Oral) Systemic Models	S9 (Podium Short Oral) Pregnancy, Delivery and the Pelvic Floor	S10 (Podium Short Oral) Neurourology - Imagine the Bladder			15th Physiotherapy Round Table	W19 Basic Urodynamics - an interactive workshop	14:05 14:30: Epidemiology
14:35	15:05				Nurses Forum				14:30 14:55: Cell Biology
15:05	15:35								14:55 15:20: Neural Control
15:35	16:00	Coffee Break + Exhibition							15:20 15:45: Faecal Incontinence, Conservative
16:00	16:30	S11 (Podium Short Oral) Lower Urinary Tract Contractility and Remodelling	S12 (Podium Short Oral) Natural History of the Pelvic Floor	S13 (Micro Session) Rapid Communications in Urology	Nurses Forum	ICI Sessions: See over	15th Physiotherapy Round Table	15:45 16:10: Faecal Incontinence, Surgery	
16:30	17:00								16:10 16:35: Fistulas
17:00	17:30								16:35 17:00: Economics
17:30	18:00								17:00 17:25: Research
								17:25 17:50 Summary from ICI Editors	

Key
Urology
Urogynecology
Basic Science
Conservative Management
Bowel Dysfunction
Open to all disciplines

THURSDAY 15th September										
Start	End	Hall C	Hall B5	Hall D5	G502	G510				
08:00	08:30	SOA 2 CNS mechanisms in voiding dysfunction - Bertil F.M. Blok								
08:30	08:35	Break to change halls								
08:35	09:05	New Technology for LUTS Management and Research	Self-Management Evidence and Practice	Genitourinary syndrome of menopause						
09:05	09:35									
09:35	09:40	Break to change halls								
09:40	10:10	S14 (Podium) Cutting Edge Basic Science	S15 (Podium Short Oral) Experiences, Expectations and Perspectives in Pelvic Floor Dysfunction	S16 (Podium Short Oral) Stress Incontinence Surgery	W20 From pelvic floor muscle training to functional training in women with urinary incontinence; bottom line solution for adherence?	EC21 (COMMITTEE ACTIVITY) Basic Urodynamics for Female Lower Urinary Tract Dysfunction				
10:10	10:40									
10:40	11:00	Coffee Break + Exhibition								
11:00	11:30	S17 (Podium Short Oral) Urinary Tract Inflammation and Infection	S18 (Podium Short Oral) Overactive Bladder and Paediatrics	W22 Evidence-base and Clinical Application of Urologic Catheters	W20 From pelvic floor muscle training to functional training in women with urinary incontinence; bottom line solution for adherence?	EC21 (COMMITTEE ACTIVITY) Basic Urodynamics for Female Lower Urinary Tract Dysfunction				
11:30	12:00									
12:00	12:30									
12:30	13:00	Exhibition + Open Discussion Posters (S19)								
13:00	13:30	Joint Society Session SINUG-APNUG-ALAPP								
13:30	14:00						POP- surgery versus conservative management	Interstitial Cystitis Revisited (Local vs. systemic pathophysiology)	Incontinence Care for Geriatrics	
14:00	14:30									
14:30	14:35	Break to change halls								
14:35	15:05	S20 (Podium Short Oral) Surgery for Pelvic Organ Prolapse	S21 (Podium Short Oral) New Research Methods	S22 (Micro Session) Rapid Communications in Conservative Management	W23 Underactive bladder and Voiding Dysfunction: New Insights					
15:05	15:35									
15:35	16:05									

Key
Urology
Urogynecology
Basic Science
Conservative Management
Bowel Dysfunction
Open to all disciplines

FRIDAY 16th September						
Start	End	Hall B5	Hall D5	G502	G510	
08:30	09:00	SOA 3 The Genetics of LUTD and the Promise of Stratified Medicine - Rufus Cartwright				
09:00	09:05	Break to change halls				
09:05	09:35	S23 (Podium) Conservative Management - Community Based Interventions	S24 (Podium Short Oral) Male Incontinence and Lower Urinary Tract Symptoms	W24 Approaches to Pelvic Organ Prolapse Surgery	Society Session: INUS	
09:35	10:05					
10:05	10:35					
10:35	11:00	Coffee Break				Society Session: INUS
11:00	11:30	S25 (Podium Short Oral) Basic Insights into Lower Urinary Tract and Anal Sphincter Function	S26 (Podium Short Oral) Botulinum Toxin and the Lower Urinary Tract	W24 Approaches to Pelvic Organ Prolapse Surgery		Society Session: INUS
11:30	12:00					
12:00	12:30					
12:30	13:30	Exhibition + Open Discussion Posters (S27)				
13:30	14:00	S28 (Podium Short Oral) Pelvic Pain and Urinary Tract Infection	S29 (Podium Short Oral) Devices and Management Strategies	EC25 (COMMITTEE ACTIVITY) ICS Teaching Modules	W26 Urinary retention in women	
14:00	14:30					
14:30	15:00					
15:00	15:05	Break to change halls				
15:05	16:05	Modulation of Bladder Sensation	Difficult Defecation and Constipation	IUGA Highlights & ICS Reflections	S30 (Podium Video) Blockbuster Videos	
16:05	16:30	Closing Ceremony + Awards
