

# TAI JUST GOT SMART

**Product Theatre August 30, 10.30-11.00**

Transanal irrigation (TAI) is a well proven therapy for people with bowel issues. With Navina™ Smart, Wellspect modernized the therapy and made it digital, more precise and easier to follow-up.

Please join this presentation to learn more about TAI, Navina Smart and the latest innovation – Navina Smart Data – a unique source of information about TAI.

**Welcome to the Product Theatre on Thursday at 10.30 in the Exhibition hall. Advancing TAI together.**
