The International Consultation on Urological Diseases proudly presents the 6th Edition of the Incontinence book, as edited by Paul Abrams, Linda Cardozo, Adrian Wagg and Alan Wein.

This edition takes on board the outcomes of the 6th International Consultation on Incontinence, held in Tokyo during September 2016. The work is the result of a systematic review and update by two-hundred experts, divided into 23 chapter committees. The method is a clear reflection of the International Consultation on Urological Disease's (ICUD) emphasis on consultation and consensus.
