Abstract Awards ICS2020

The ICS Scientific Committee have selected the final abstracts for ICS 2020 and are pleased to announce this year's abstract award winners.

**Best Non-Clinical Abstract:** Abstract No: 253, *Diminution of the spinal cord collagen scar with concomitant improvement in gait, detrusor-sphincter-dyssynergia and bladder overactivity in spinal cord contused mice using LM22B-10*, Ikeda Y, Zabbarova I, Kozlowski M, Birder L, Kanai A

**Best Ethics Abstract:** Abstract No: 568, *A case-based reflection: Upholding ethical principals for a pessary replacement in a non-English speaking patient*, McBride K

**Best In Category Prize Winners**

**Anatomy / Biomechanics**

211 *The fresh frozen cadaveric study of direct Pouch of Douglas trocar insertion for vaginal Natural Orifice Transluminal Endoscopic Surgery*
Alshiek J, Shobeiri S

**Anorectal / Bowel Dysfunction**

72 *Are LARS and COREFO questionnaire good evaluation tools to cover different aspects of bowel symptoms in rectal cancer patients after low anterior resection surgery?*

**Conservative Management**

465 *Morphometrical and functional changes following pelvic floor physiotherapy for urinary incontinence in older women*
Cacciari L, Morin M, Mayrand M, Michal A, Michel T, Chantale D
Continence Care Products / Devices / Technologies

254 Measurement of Feline Bladder Pressure and Volume Using Catheter-Free Wireless Intravesical Sensor
Majerus S, Deng K, Hanzlicek B, Panda B, Mrowca J, Bourbeau D, Damaser M

E-Health

463 App-based treatment for female urinary incontinence as effective and cost-effective in comparison to care as usual in primary care: a pragmatic randomized controlled trial

Ethics

568 A case-based reflection: Upholding ethical principals for a pessary replacement in a non-English speaking patient
McBride K

Female Lower Urinary Tract Symptoms (LUTS) / Voiding Dysfunction

146 Effect of Alpha Blocker on Lower Urinary Tract Symptoms in Women: Systematic Review and Meta-Analysis

Female Stress Urinary Incontinence (SUI)

223 Complication, revision and perceived health after stress urinary incontinence surgery by mid urethra sling in the VIGI-MESH register. Description and medium-term incidence for 1814 women

Geriatrics / Gerontology

464 The ELECTRIC trial: ELECtric Tibial nerve stimulation to Reduce Incontinence in Care homes

Health Services Delivery

608 Understanding the impact of urinary incontinence in patients with dementia: Development of an interdisciplinary service model
Jones P, Coulthard E, Drake M
Imaging

228 Use of Magnetic Resonance Imaging in Women with Suspected Complications from Pelvic Organ Prolapse and Stress Urinary Incontinence Mesh Implants
Boodhoo V, Krishnaswamy P, Guerrero K, Tyagi V, McNeil J

Male Lower Urinary Tract Symptoms (LUTS) / Voiding Dysfunction

409 Results from the Large Real-World Study of the Prostatic Urethral Lift (PUL) Demonstrate Consistent Safety and Effectiveness for BPH Patients

Male Stress Urinary Incontinence (Post Prostatectomy Incontinence)

4 Post-Artificial Urinary Sphincter Prostate Radiation is a Predictor of Urethral Atrophy with Recurrent Incontinence
Berger A, Szymaniak J, Kathrins M

Neurourology

253 Diminution of the spinal cord collagen scar with concomitant improvement in gait, detrusor-sphincter-dyssynergia and bladder overactivity in spinal cord contused mice using LM22B-10
Ikeda Y, Zabbarova I, Kozlowski M, Birder L, Kanai A

Nocturia

Cho S, Ko K, Moon S

Overactive Bladder

3 Pivotal study of subcutaneous tibial nerve stimulation with coin-sized implantable tibial neurostimulator (ecoin device) for urgency urinary incontinence

Paediatrics

497 High prevalence of dysplastic development of sacral vertebral arches in pediatric enuresis
Ozawa H, Yoshimura N, Yakushiji H, Isao T, Takayuki S, Ohshita M, Inoue M, Chancellor B

Pelvic Organ Prolapse

60 Prevalence of Pelvic Organ Prolapse in US Racial Populations: A Systematic Review and Meta-analysis of Population-based Screening Studies
