10th Annual Meeting, Hurghada – Egypt, 2014

In collaboration with

Urology Department –
Ain Shams University Meeting

Dear Friends and Colleagues;

On behalf of the scientific and organizing committee of Pan Arab Continence Society and Urology Department of Ain Shams University, it is our pleasure to invite you for the 10th PACS conference which will be held in Hurghada from 6-8 February 2014 in collaboration with ICS.

This year is very special because we have strong representation of the American Urological Association and the European Urological Association together with the Turkish Continence Society. The famous speakers of these societies will definitely add a lot to the scientific value of the programme.

We encourage receiving abstracts related to the following topics: Voiding Dysfunction, Female Incontinence, Male Incontinence, BPH, Prostate Cancer, LUTS, Erectile Dysfunction, Voiding Dysfunction in Children. The PACS also decided to award the best winner abstract a scholarship fund.

Very special packages were designed for you to make it a real good chance to attend such a valuable meeting. So we encourage our young colleagues to take the early catch of the limited spaces.

We hope that you will enjoy your stay both scientifically and socially.

President of PACS

Sherif Mourad
